### Welcome to XPDRAINAGE

### What's New in XPDRAINAGE

#### Ribbons

- File Menu
  - Preferences
  - Transmit Design
  - Hard Copy Headings
  - Print
  - Plot Profile
- Quick Access Toolbar
- Plan Ribbon
  - Ruler
- Import Ribbon
  - GIS Import Wizard
  - Import Pipe Network
    - Imports Options
    - Import Summary
  - CSV Import Wizard
  - Load CAD Wizard
  - Load GIS Wizard
- Rainfall Ribbon
  - Rainfall Viewer
- Build Ribbon
- Preliminary Sizing Ribbon
  - Synchronise Manhole Invert Levels
- Analysis Ribbon
- Results Ribbon
- Export Ribbon
  - GIS Export Wizard
  - Export Pipe Network
  - CSV Export Wizard
- Help Ribbon
- Context Sensitive Ribbons

#### Background Data

- Surface Data
  - XYZS Files
  - LandXML Files
  - ASC Files
  - PWF Files
  - XPSX Files
  - Trim Surface
- Background Images

#### Pollutants

- Pollution Concentration
- Pollutant Removal Methods
  - Percentage Removal
  - First Order Decay

#### Tables

#### Phases

- Phase Management
- Phase Selector

#### Design Tools

- Deluge
- Quick Storage Estimate Calculator
- Water Quality Calculator
- First Flush Calculator
- UK and Ireland Rural Runoff Calculator
  - IH 124 Method
  - ICP SUDS Method
  - ADAS 345 Method
  - FEH Method
  - Greenfield Runoff Volume Method
  - Growth Curve Editor
  - Discussion

- Methode des Pluies Calculator

## Inflows

- Catchment Area
  - Runoff Coefficient Calculator
- Green Roof
- Hydrograph
- Roof
- Rainwater Tank
  - Volume Calculator

## Runoff Generation

- Green Roof Runoff Method
- Time of Concentration
  - Time Of Concentration Calculator
    - Friend's Equation
    - Alameda Method
    - Bransby Williams Method
    - Izzard's Formula
    - Kerby's Equation
    - Kinematic Wave
    - Kirpich's Equation
    - US Federal Aviation Authority
    - TR-55 Methods
- SCS
  - Curve Number Calculator
- Santa Barbara Urban Hydrograph
- Time Area Diagram
- UK Unit Hydrographs
- FSR Unit Hydrograph
- FEH Unit Hydrograph
- ReFH Unit Hydrograph
- Laurenson
- Simplified Modified Rational Method

## Junctions

- Simple Junction
- Manhole

## Stormwater Controls - SWC

- Bioretention
- Chamber
  - Define Chamber
- Infiltration Trench
- Pond
- Porous Paving
- Soakaway
- Swale
- Tank
- User Defined
- Stormwater Control Sizing Calculator

## Connections

- Attenuated Flow
- Lagged Flow
- No Delay
- Pipe Connection
- Box Culvert
- Rectangular Channel
- Trapezoidal Channel
- Triangular Channel

## Pipe Sizing

- Networks
- Pipe Size Library
- Methode de Caquot
- Auto Size Calculations
- Pipe Sizing Report

## Inlets

- Low/High Flow
- Percentage Flow
- Rated by Flow
- HEC-22 Inlets
- Inlets Form

## Outlets

- Depth Flow
- Filtration
- Flap Valve
- Gate
- Harvest Flow
- Level Controlled Pump
- Multiple
- Orifice
- Pump
- Siphon
- V-Notch Weir
- Weir
- Under Drain

## Outfalls

### Rainfall Manager

- SCS Rainfall Method
- FEH Rainfall
- FSR Rainfall
- Australian Rainfall and Runoff
- User Defined Rainfall
- Desbordes Rainfall
- Long Term Rainfall
- Observed Rainfall
- Temporal Pattern
- IDF
- Storm Durations
- Rainfall Records

## Analysis

- Analysis Criteria
- Validate
- Go
- Analysis of Connections
- Analysis of SWC/Junctions
- Rainwater Tank Analysis

## Results

- Take Off Data
- Inflows Summary
- Junctions Summary
- Stormwater Controls Summary
- Connections Summary
- Phase Management Results
- Inflow - Item Results
- Junctions - Item Results
- Stormwater Controls - Item Results
- Connection - Item Results
- Phases Report
- Status Bar

## Templates

- Change Templates

## Views

- Plan
  - Bookmarks
  - Plot Scale
  - To CAD
  - To Image
- Profile
- Tree View
- Toolbox
- Flow Paths
- Add Train
- Display Settings
- Data Legend

## Language Translation

- Translation Administrator
- Units Translation

## Background (Reference/Theory)

- License Activation

- License Administrator
- Manning Formula
- Colebrook-White Formula
- Muskingum-Cunge
- Rainfall Map
- RED (Rainfall) File Format
- Unit Hydrograph - Discussion
- Unit Selection
- Universal Importer
- World Files
- Autosave - Recovery
- OK / Cancel / Apply
- Graph Tools

## **xpdrainage Tutorial**

- xpdrainage Tutorial - Metric
  - User Interface Overview - Metric
  - Metric Tutorial 1 - Existing Site
  - Metric Tutorial 2 - Developed Site
  - Metric Tutorial 3 - Templates
  - Metric Tutorial 4 - Layout Treatment System
  - Metric Tutorial 5 - Results
  - Metric Tutorial 6 - Sizing of Treatment System
- xpdrainage Tutorial - USA
  - xpdrainage Introduction Project - USA
    - User Interface Overview - USA
    - Chapter 1 - Layout System
    - Chapter 2 - Size Mitigation
    - Chapter 3 - Review Results
    - Chapter 4 - Submit Project
  - xpdrainage Advanced Tutorial - USA
    - Advanced Chapter 1 - Existing Site
    - Advanced Chapter 2 - Developed Site
    - Advanced Chapter 3 - Layout Treatment System
    - Advanced Chapter 4 - Results
    - Advanced Chapter 5 - Sizing of Treatment System
